Non-Confucian critiques. Ren became a distinctly Confucian virtue. As classical Chinese philosophy developed during the Warring States period (475–221 bce), the concept was criticized by thinkers from other intellectual movements. One of the main charges was essentially that the concept depended upon a vision of society modeled on the family and rooted in hierarchical and even elitist ...

Philosophy (from Greek φιλοσοφία, philosophia, literally "love of wisdom") is the study of general and fundamental questions about existence, knowledge, values, reason, mind, and language. Such questions are often posed as problems to be studied or resolved. The term was probably coined by Pythagoras (c. 570 – 495 BCE). Philosophical methods include questioning, critical discussion ...

Aristotle (384—322 B.C.E.) Aristotle is a towering figure in ancient Greek philosophy, making contributions to logic, metaphysics, mathematics, physics, biology, botany, ethics, politics, agriculture, medicine, dance and theatre. He was a student of Plato who in turn studied under Socrates. He was more empirically-minded than Plato or Socrates and is famous for rejecting Plato's theory of forms.

Preface to the Second Edition. The present edition of this History of Islamic Philosophy, which was first published in 1970, embodies a number of changes which I hope will make this book even more useful to the reader than the first one. A number of corrections have been made throughout the book, the final chapter expanded somewhat and the bibliography updated and rearranged.

Confucianism (ruijiao) is a way of life taught by Confucius (Kong Fuzi) in China in the 6th-5th century BCE and the rituals and traditions associated with him. Sometimes viewed as a philosophy, sometimes as a religion, Confucianism is perhaps best understood as an all-encompassing humanism that is compatible with other forms of religion.

1. Introduction. Two preliminary observations about the Japanese cultural tradition are relevant to the arts. First, classical Japanese philosophy understands reality as constant change, or (to use a Buddhist expression) impermanence. The world of flux that presents itself to our senses is the only reality: there is no conception of some stable "Platonic" realm above or behind it.
